

At Excel we go to great lengths to insure your complete satisfaction. We offer quality service, competitive prices, and prompt turn-around. We are backed by years of experience, proudly serving the industry since 1981.

Excel's policy is "No Surprises". We provide a quotation on all repairs, prior commencing repair. Typical charges range from 25% to 40% of replacement cost for most repairs.

The following procedures are what you can and should expect from your repair vendor.

Upon Receipt...

- Initial Inspection
- Quote Price & Delivery Estimate
- Customer Approval, Commence Repair

Repair Procedure...

- Initial Cleaning
- Power-up & Test
- Diagnose Problem & Repair
- 100% Functional Test
- Final Cleaning & Inspection

Shipping...

- All Circuit Boards and Controls are shipped in Anti-static Bags, Foam or Bubble Packed.
- Standard shipping via UPS Ground
- Shipping Options: Next Day, Same Day, Customer specified.

Emergency 24 hour service is available on most units. All repairs are backed by a 1 year warranty. Service reports are supplied upon request.

Excel the source for all your Motion Control needs: Field Service, Drive Repair, New Drive Sales, Integrated Systems, Preventative Maintenance and On-site Training, all available from EXCEL.
